The image shows a standard EU tire label with three main sections:

- Fuel Efficiency:** A scale from A (green) to G (red) with a black arrow pointing to C.
- Wet Grip:** A scale from A (green) to G (red) with a black arrow pointing to C.
- Noise:** A scale from A (green) to G (red) with a black arrow pointing to 74 dB.

At the bottom left of the label is the European Union flag.

The diagram illustrates the EU tire label with two columns of energy efficiency and wet grip ratings, and a noise level rating.

Category	Rating
Fuel Efficiency	C
Wet Grip	C
Noise Level	75 dB

At the bottom left of the diagram is the European Union flag. Below it is the identification number 1222/2009-C1.

The image shows a standard EU tire label with three performance categories:

- Fuel Efficiency:** Indicated by a tire and fuel pump icon. The scale ranges from A (green) to G (red). The selected rating is C, shown in a black arrow pointing left.
- Wet Grip:** Indicated by a tire and rain icon. The scale ranges from A (green) to G (red). The selected rating is C, shown in a black arrow pointing left.
- Noise:** Indicated by a tire and sound waves icon. The noise level is 75 dB, shown in a black box.

The European Union flag is located in the bottom left corner of the label area.

The image shows a standard EU tire label with three performance categories:

- Fuel Efficiency:** Indicated by a tire and fuel pump icon. The scale ranges from A (green) to G (red). The selected rating is **C**, shown in a black arrow pointing left.
- Wet Grip:** Indicated by a tire, water droplets, and a cloud icon. The scale ranges from A to G. The selected rating is **C**, shown in a black arrow pointing left.
- Noise:** Indicated by a tire and sound waves icon. The noise level is **75 dB**, shown in a black box.

At the bottom left of the label is the European Union flag, and at the bottom center is the code **1222/2009-C1**.
